#### AMENDMENT

In response to the Office Action mailed June 24, 2009, I tried to transmit the following Amendment via facsimile transmission on Sept. 23rd. Unfortunately, and unexpectedly, the fax was interrupted a couple of times - and I only managed to send it in portions.

We are not sure about the quality of the fax transmissions, especially that of the drawing replacement sheets, and whether your Office was able to unite the pieces to a valid response. We thus would like to send you this hardcopy - the contents are identical with the original fax. We hope our proceeding is formally acceptable.

Amendments on the Claims begin on page 2.

A replacement for the description begins on page 13 and ends on page 40.

A replacement for the abstract is on page 41.

Remarks begin on page 42 of this paper. Amendments to the Drawings (4 replacement sheets) are attached on pages 46-49. We have also attached an IDS with 3 pages.

Respectfully submitted, sincerely,

  
  
 (Bernhard Bausenwein)
